Overall objective is to enhance labor market inclusion and promote inclusive workplace practices for 75 individuals with disabilities in Gjirokastra Municipality.

The project aims to enhance employment opportunities for 75 persons with disabilities in collaboration with NAES and Municipality of Gjirokastra, by developing and implementing an innovative package of supported employment services. A structured Supported Employment Service Framework will be designed, and implemented by incorporating job counselling, skill development, job matching, and on-the-job coaching to facilitate sustainable employment outcomes. The project will also prioritize the integration of these services into the municipality's local social plan, ensuring continuity beyond the project's duration.
